Hello AHS Community!

Course Selection season is here! Guidance will meet with students during Bridge Block throughout the month of March to discuss the course selection process:

Juniors will meet the week of February 26th
Sophomores will meet the week of March 4th
Freshmen will meet starting the week of March 11th

Teachers have made course recommendations for core academic subjects. If you have a question regarding a level placement, please email the Department Head with your request as soon as possible. The deadline for level placement appeals is Monday May 17, 2024.

Abington High School Department Heads:

Students are required to request 35 credits for a full schedule. A full year course is equivalent to 5 credits and a semester course is equivalent to 2.5 credits. As a reminder, it is important to choose alternate classes in case your first option does not fit into your schedule.

Please view the Program of Studies for course descriptions and prerequisite information. The Program of Studies can be found here: [Program of Studies](#)

Guidelines for course selection, graduation requirements and course/level changes can be found starting on page 6.

The student portal will be open until March 22nd to make elective changes. The deadline for level changes is May 17th.
