

Abington Public Schools continues its partnership with Bay State Tex-tiles to bring textile recycle bins into every public schoolyard in town. The white recycle bins are available 24/7 and proceeds from the collection of textiles benefit the Parent Teacher Organization of that school. Bay State Tex-tiles offers a \$100 per ton rebate on textiles collected. Donate your unwanted textiles to support the schools. We accept the good, the bad and the ugly! Donated items are accepted in any condition if they are clean and dry.
